

## Network Bird Traps

Cage Traps can be useful for the removal of small local populations of birds. Traps are available for Feral Pigeons and House Sparrows. The likelihood of success is enhanced if other techniques, such as scaring or proofing are also employed, in an 'integrated bird management' programme.

Be sure you know the law regarding trapping of pest birds in your country before commencing a trapping programme.

## Pigeon Traps

1 TRA029

2 TRA031

All pigeon traps are flat packed and easy to assemble. When assembled, the dimensions are 1m x 60cm x 30cm. Two sets of 'bob-wire' entrances are supplied as standard in all the traps. If required, these can be replaced with Ground Funnel entrances, available as an optional extra.

Code	Product Description	Type	Pack Size
TRA029	Feral Pigeon Trap	With floor	each
TRA050	'Foldaway' Feral Pigeon Trap	No base	each
TRA031	Ground Funnel		pair

## Sparrow Traps

TRA007

This is a rigid multi-catch trap with two one-way entrance tunnels leading to a trapping section. From here a further one-way entrance tunnel leads to the holding section. Dimensions: 62cm x 35cm x 22cm.

Code	Product Description	Pack Size
TRA007	Sparrow Cage Trap	each

## Accessories

1 TRA055
