

Chimney Spike

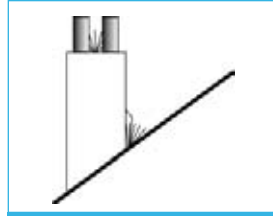

Open

Open and Bent Upwards

In Chimney Pot

Against Chimney Stack

The heavy-duty **Chimney Spike** is designed to prevent seagulls from nesting in small areas on roofs. Made from 3mm stainless steel rods (750mm long) it can be bent in place to protect areas such as chimney pots or between the slope of a roof and the chimney stack. Recommended to be used in conjunction with Avipoint G20 Bird Spikes. Supplied flat packed.

Code	Product Description	Pack Size
CHI001	Chimney Spike	each

Chimney Guard and Ladder Stopper

MIS125

SAF059

The **Chimney Guard** is a device designed to keep birds from landing on chimney pots. Made from black painted mild steel, the Chimney Guard will fit most standard size chimney pots.

For roof work, we also supply the **Ladder Stopper** that prevents a ladder from slipping on any surface.

Code	Product Description	Pack Size
MIS125	Chimney Guard	each
SAF059	Ladder Stopper	each

Bristle Strips

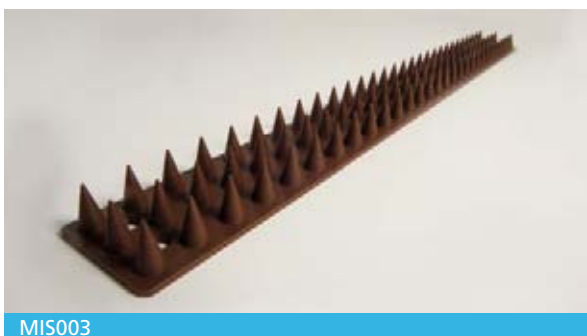

Flat Flange

Commonly used around doors and shutters, **Bristle Strips** help to prevent pest entry but also help seal against dust and reduce heat loss.

Code	Product Description	Pack Size
BRI001	20mm Flat Flange 2 metre	per length
BRI002	35mm Flat Flange 2 metre	per length
BRI003	44mm Flat Flange 2 metre	per length
BRI004	78mm Flat Flange 2 metre	per length
BRI005	100mm Flat Flange 2 metre	per length
BRI006	150mm Flat Flange 2 metre	per length

Prickler Strip

MIS003

Prickler Strips are mainly used on top of garden walls and fences to protect against cats. They have also been used successfully against light pressure pigeon infestations in areas where height is restricted and for short-term problems on window sills where crows are perching.

Code	Product Description	Pack Size
MIS003	Prickler Strip (46cm x 5cm)	each

Daddi Long Legs®

The Daddi Long Legs® has a freely rotating head with long stainless steel wires that bounce in the wind or when birds contact it. This not only irritates the birds, but also interferes with their attempts to land or take off.

The device can be screwed in place through the 3 mounting holes. If it is to be glued in place the Plastic Stick-on-Base (DAD005) will be required.

Code	Product Description	Pack Size
DAD001	1.25m diameter Daddi Long Legs	each
DAD002	2.5m diameter Daddi Long Legs	each
DAD005	DLL Plastic Stick-on-Base	each
