

Network Bird Wire

Network Bird Wire is a cost-effective, extremely versatile and totally humane bird deterrent system to keep pigeons and gulls off buildings.

Bird Wire

Network Bird Wire is made from stainless steel, diameter 0.45mm and coated to 0.7mm with UV stabilised nylon.

Code	Product Description	Pack Size
BIR001	Birdwire	100m reel
BIR002	Birdwire	300m reel
BIR003	Birdwire	500m reel

Springs, Crimps and Tool

Bird Wire Springs are made from stainless steel, and Crimps from nickel plated copper.

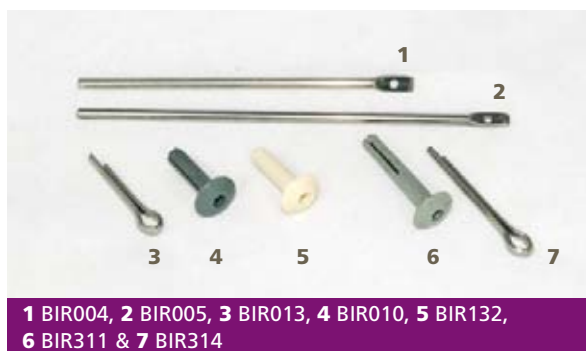

Code	Product Description	Pack Size
BIR009	Birdwire Standard Spring	100
BIR040	Birdwire Micro Spring	100
BIR012	Birdwire Crimps	100
BIR018	Birdwire Crimp & Cutter Tool	each

Bird Posts and Fixings

All Network Bird Posts are made from stainless steel and are installed by knocking them into the nylon Anchor Rivets. Split Pins are used instead of Bird Posts in circumstances where you have a vertical wall at the end of a wire.

Code	Product Description	Pack Size
BIR004	Bird Post, 120mm x 4mm	100
BIR005	Bird Post, 150mm x 4mm	100
BIR013	Split Pin, stainless steel, 25mm	100
BIR010	Anchor Rivets, grey, 25mm	100
BIR132	Anchor Rivets, stone, 25mm	100
BIR311-100	Anchor Rivets, grey, 38mm	100
BIR314-100	Split Pin, stainless steel, 38mm	100

Threaded, Double & Triple Headed Bird Posts

Threaded Bird Posts (with 2 nuts and 2 washers) can be used on signs and metal fittings. Double-Headed Bird Posts 130mm are for medium pressure infestations. Double-Headed Posts 150mm and Triple Headed Bird Posts are used for horizontal installations.

Code	Product Description	Pack Size
BIR160	Threaded Bird Post 110mm x 4mm	10
BIR028	Dble Hd Bird Post 130mm x 4mm	100
BIR031	Dble Hd Bird Post 150mm x 4mm	100
BIR036	Triple Hd Bird Post 180mm x 4mm	100

Drilled Rods

1 BIR015, 2 BIR027, 3 BIR016 & 4 BIR017

Drilled Rods are used for horizontal installation to protect wide ledges. They are installed above the ledge you are proofing and can carry a number of wires.

Code	Product Description	Pack Size
BIR015	Drilled Rods, 295mm x 6mm (4 holes)	10
BIR027	Drilled Rods, 360mm x 6mm (5 holes)	10
BIR016	Drilled Rods, 425mm x 6mm (6 holes)	10
BIR170	Drilled Rods, 490mm x 6mm (7 holes)	10
BIR017	Drilled Rods, 600mm x 6mm (8 holes)	10

Stick-on Bird Posts

1 BIR024 2 BIR033
3 BIR007 4 BIR102
5 BIR110 6 BIR111

7 BIR008 & 8 BIR006

Stick-on Bird Posts are used on metal flashing, cladding and other areas where you are unable to drill. The posts are mounted in a nylon base which can be glued or screwed into place. They are used with the same Bird Wire, Springs and Crimps as the standard system.

Code	Product Description	Pack Size
BIR024	Bird Posts, 95mm x 4mm	100
BIR033	Bird Posts, 125mm x 4mm	100
BIR007	Stick-on Plastic Base, grey	10
BIR102	Stick-on Plastic Base, black	10
BIR110	Stick-on Plastic Base, stone	10
BIR111	Stick-on Plastic Base, white	10
BIR008	Stick-on Post with base, 95mm	10
BIR006	Stick-on Post with base, 125mm	10

Clamps and Brackets

1 BIR019, 2 BIR021
& 3 BIR026

4 BIR135

Gutter Posts are for clamping Bird Wire onto vertical flanges and gutters. The Beam Clamps are designed for horizontal flanges, girders and beams. The Plastic Squares help prevent damage to the substrate.

Triangular and Half-Round Ridge Brackets are used to proof roof ridges with Bird Wire. Both can be secured with Blind Anchor Rivets and Avifix.

Code	Product Description	Pack Size
BIR019	Gutter Post 95mm x 4mm	10
BIR021	Gutter Post Dble Hd 130mm x 4mm	10
BIR026	Beam Clamp & Post 95mm x 4mm	10
BIR099	3/4" Plastic Squares	100
BIR042	Triangular Ridge Bracket 3 posts	each
BIR045	Triangular Ridge Bracket 5 posts	each
BIR043	Half-Round Ridge Bracket 3 posts	each
BIR135	Blind Anchor Rivets, Grey 25mm	20

5 BIR042 & 6 BIR045

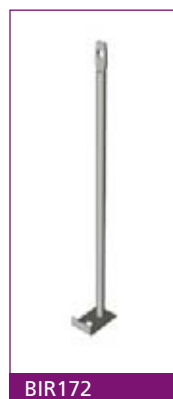

Rail Clamps

Rail Clamps are designed to be installed on rails and pipes. These two-part Rail Clamps and Rail Clamp Posts allow you to fasten the clamp tightening screw in any position that best suits the installation. Rail Clamp Posts can be used separately for installations onto cladding by screwing in place through the 5mm fixing hole in the base.

Code	Product Description	Pack Size
BIR171	Pigeon Rail Clamp post	10
BIR172	Gull Rail Clamp post	10
BIR173	Rail Clamp, 25 - 35mm diam	10
BIR174	Rail Clamp, 45 - 60mm diam	10
BIR175	Rail Clamp, 60 - 80mm diam	10
BIR176	Rail Clamp, 90 - 120mm diam	10
BIR177	Rail Clamp, 130 - 160mm diam	10
NET049	7mm Nut Spinner	each

BIR171

BIR172

Rail Clamp & Post

Gull Wire, Springs and Crimps

The same basic principals as for pigeons are followed for Gulls, but heavier-duty components are required.

Code	Product Description	Pack Size
NET087	Gullwire, 0.96mm diameter	200m reel
BIR040	Birdwire Micro Spring	100
NET079	Ferrules, Copper, 1mm (for 0.96mm wire)	100

1 NET087

2 BIR040 & 3 NET079

Gull Posts and Fixings

For Black Headed Gulls use the 180mm x 4mm Gull Posts. For Herring or Lesser Black Backed Gull use the 200mm x 5mm Gull Posts.

Code	Product Description	Pack Size
BIR035	Gull Posts, 180mm x 4mm	100
BIR013	Split Pin, stainless steel, 25mm	100
BIR010	Anchor Rivets, grey, 25mm	100
BIR132	Anchor Rivets, stone, 25mm	100
BIR311-100	Anchor Rivets, grey, 38mm	100
BIR314-100	Split Pin, stainless steel, 38mm	100
BIR069	Gull Posts, 200mm x 5mm	100
BIR068	Gull Post Plugs	100

1 BIR068, 2 BIR035 & 3 BIR069

Ridge Brackets

Both brackets have three Gull posts attached.

Code	Product Description	Pack Size
BIR161	Triangular Gull Ridge Bracket	each
BIR163	Half-Round Gull Ridge Bracket	each
BIR135	Blind Anchor Rivets, Grey 25mm	20

1 BIR161 & 2 BIR163
